Time Magazine

A unique & revolutionary Invention for wine lovers

Clef du Vin acts on the wine and improves its enjoyment in seconds. This incredible invention is a revolutionary wine accessory that softens the structure and develops the aromas of any wine with ageing potential. Simulates the natural evolution process, revealing the aging potential by one year for each and every second it is immersed in the wine.

Clef du Vin is the most exciting discovery in the wine industry to come in decades. Protected by 4 international patents, there is no other product like this in the world.

Fun and entertaining

Clef du Vin is fun and exciting during dinners with friends and business associates. It surprises people with its magic and becomes the main subject of conversation at the table. You'll hear: "I like it better after 2 years, No I like it better at 5, let's try it on a different wine, etc...". People like to play with Clef du Vin in groups.

An amazing gift

Clef du Vin is presented in a luxury gift with its sleek design and impressive gift box. *Clef du Vin* is a quality item made of the finest materials, including a patented alloy composed of precious metals.

Lasts a lifetime!

In a world where pretty much all products have a short life span, *Clef du Vin* stands out as a product which lasts a lifetime. Imagine yourself receiving a gift that lasts a lifetime, doesn't that send the message that the giver wants a long and lasting relationship with you, a relationship that does not weaken over time. *Clef du Vin* is the gift that keeps on giving.

Acclaimed by the best sommeliers in the world.

"Clef du Vin is a innovating tool wich considerably helps the sommeliers, the wine experts as well as the amateurs to discover with almost a mathematical certainty the aging potential of wines."

Giuseppe Vaccarini
World Champion Sommelier 1978

"Since the launch of Clef du Vin, I have participated in many wine tastings with my friend Franck Thomas during which I observed the indisputable usefulness of this revolutionary tool. I regularly use it to learn the opening curves of wines as well as their aging potential."

Dominique Laporte
Best French sommelier 2004
International Port Master 1998

An award winning, cutting-edge technology

Clef du Vin was awarded the Silver Medal at the prestigious Paris International Inventions Competition.

As easy as 1, 2, 3...

Very easy to use, Clef du Vin requires no knowledge of wines other than your own taste preference. Pour yourself a glass of wine, dip Clef du Vin for a second, taste and compare the before and after. Re-immerses Clef du Vin and continue tasting until it reaches the phase you enjoy most. It's all explained very clearly in the 5 language user manual that comes in every box.

1. Taste

2. Age

3. Enjoy

Clef du Vin presents 3 models in 2 collections

The Pocket model

Conveniently compact, the 'Pocket' model will help you evaluate a wine's cellarability at tastings and allow you to make purchases with increased confidence.

At the restaurant or at home, surprise your guests and enliven the atmosphere. Both luxurious and handy, the pocket 'Clef du Vin' will soon become your everyday companion.

Calibrated for a 10 cl glass

The Service model

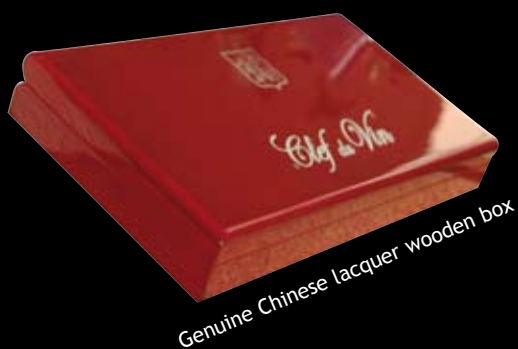

Elegant and magnificent, the 'Service' model will be at home on any sophisticated dining table. Offer each of your guests the chance to experience the wonder of 'Clef du Vin' and drink wine to their own taste.

Calibrated for a 10 cl glass

The Bottle model

An ideal complement to the 'Pocket' and 'Service' models, this bottle-sized 'Clef' will enable you to craft the ideal drinkable age of a given bottle having already determined the optimal amount of 'aging' time required in a glass.

Calibrated for a 75 cl bottle

Genuine Chinese lacquer wooden box
